NBTA

December 23, 2019

Dear Michael;

The NBTF Group Insurance Trustees would like to thank you for your presentation at their regular meeting held December 14, 2019. The importance of the counselling and wellness services for teachers offered by you and your colleagues is recognized around the province. The commitment and efforts on behalf of our professional counsellors is to be commended.

I am sorry to inform you that the Trustees have chosen not to increase the amounts that are currently allocated to the program for counselling and wellness services.

Best regards,

Kerry Leopkey
NBTF Executive Director
